

Hi The Wilbow Group

Something very special happened to me today I graduated from Puppy Class. I am feeling so grown up, even though I am only 4 months old, I now have a special Guide Dog puppy coat.

The puppy classes were so much fun I got to catch up on what all my brothers and sisters have been doing with their families. It's not all just about socialising though we were there to learn too. I had to do some serious stuff like sitting and waiting for my dinner, learning to walk up and down stairs (they can be quite scary for a little girl like me) and listening to some weird noises like a rooster crowing. My favourite part was having some quiet time and being massaged.

Thank you for your support so far. I hope you enjoy sharing the rest of my journey with me...it has only just begun!

Loving Licks,
Suri

Hi,

Enjoy the update of your Guide Dog
Puppy, Suri.
Regards, Lynda.
